Gold Silver Bronze Mission Statement

Illegal Protest Activity – Gold Silver Bronze Command Structure

Mission: to be the overarching conduit for information sharing, coordination, and deconfliction in support of the RCMP law enforcement response to the illegal activities associated with the “Freedom Convoy” and related protests nationally.

Key Responsibilities:

1. Provide enhanced situational awareness and national linkages across all partners to inform, coordinate, and deconflict ongoing investigations and enforcement actions related to illegal activities and criminality.
 - a. Distribute timely and fulsome intelligence assessments and advisories to all policing and government partners.
 - b. Ensure information sharing regarding operational decisions across all affected parties.
 - c. Facilitate connection of stakeholders at the national level where required.
2. Coordinate efforts across internal stakeholders, coordination centres, law enforcement and other government agencies to ensure effective decision-making for resource allocation and the strategic deployment of assets and equipment.
 - a. Engage operations and program administration to collaborate on mobilization and deployment of resources to maximum effect across all affected areas.
 - b. Provide a strategic, national level perspective on deploying key assets and equipment.

Further information and Process

Just to reconfirm our discussions, no resource ask will to be completed unless the request has been tasked out by GSB to the TPOF Gold Commander Supt. O’Beirne. Over the next few days, there may be several reach-ins by units for the same resources to be deployed. All requests are to be sent in writing to the GSB mailbox **Irrelevant** **Irrelevant** with the appropriate authority signature.

Costings

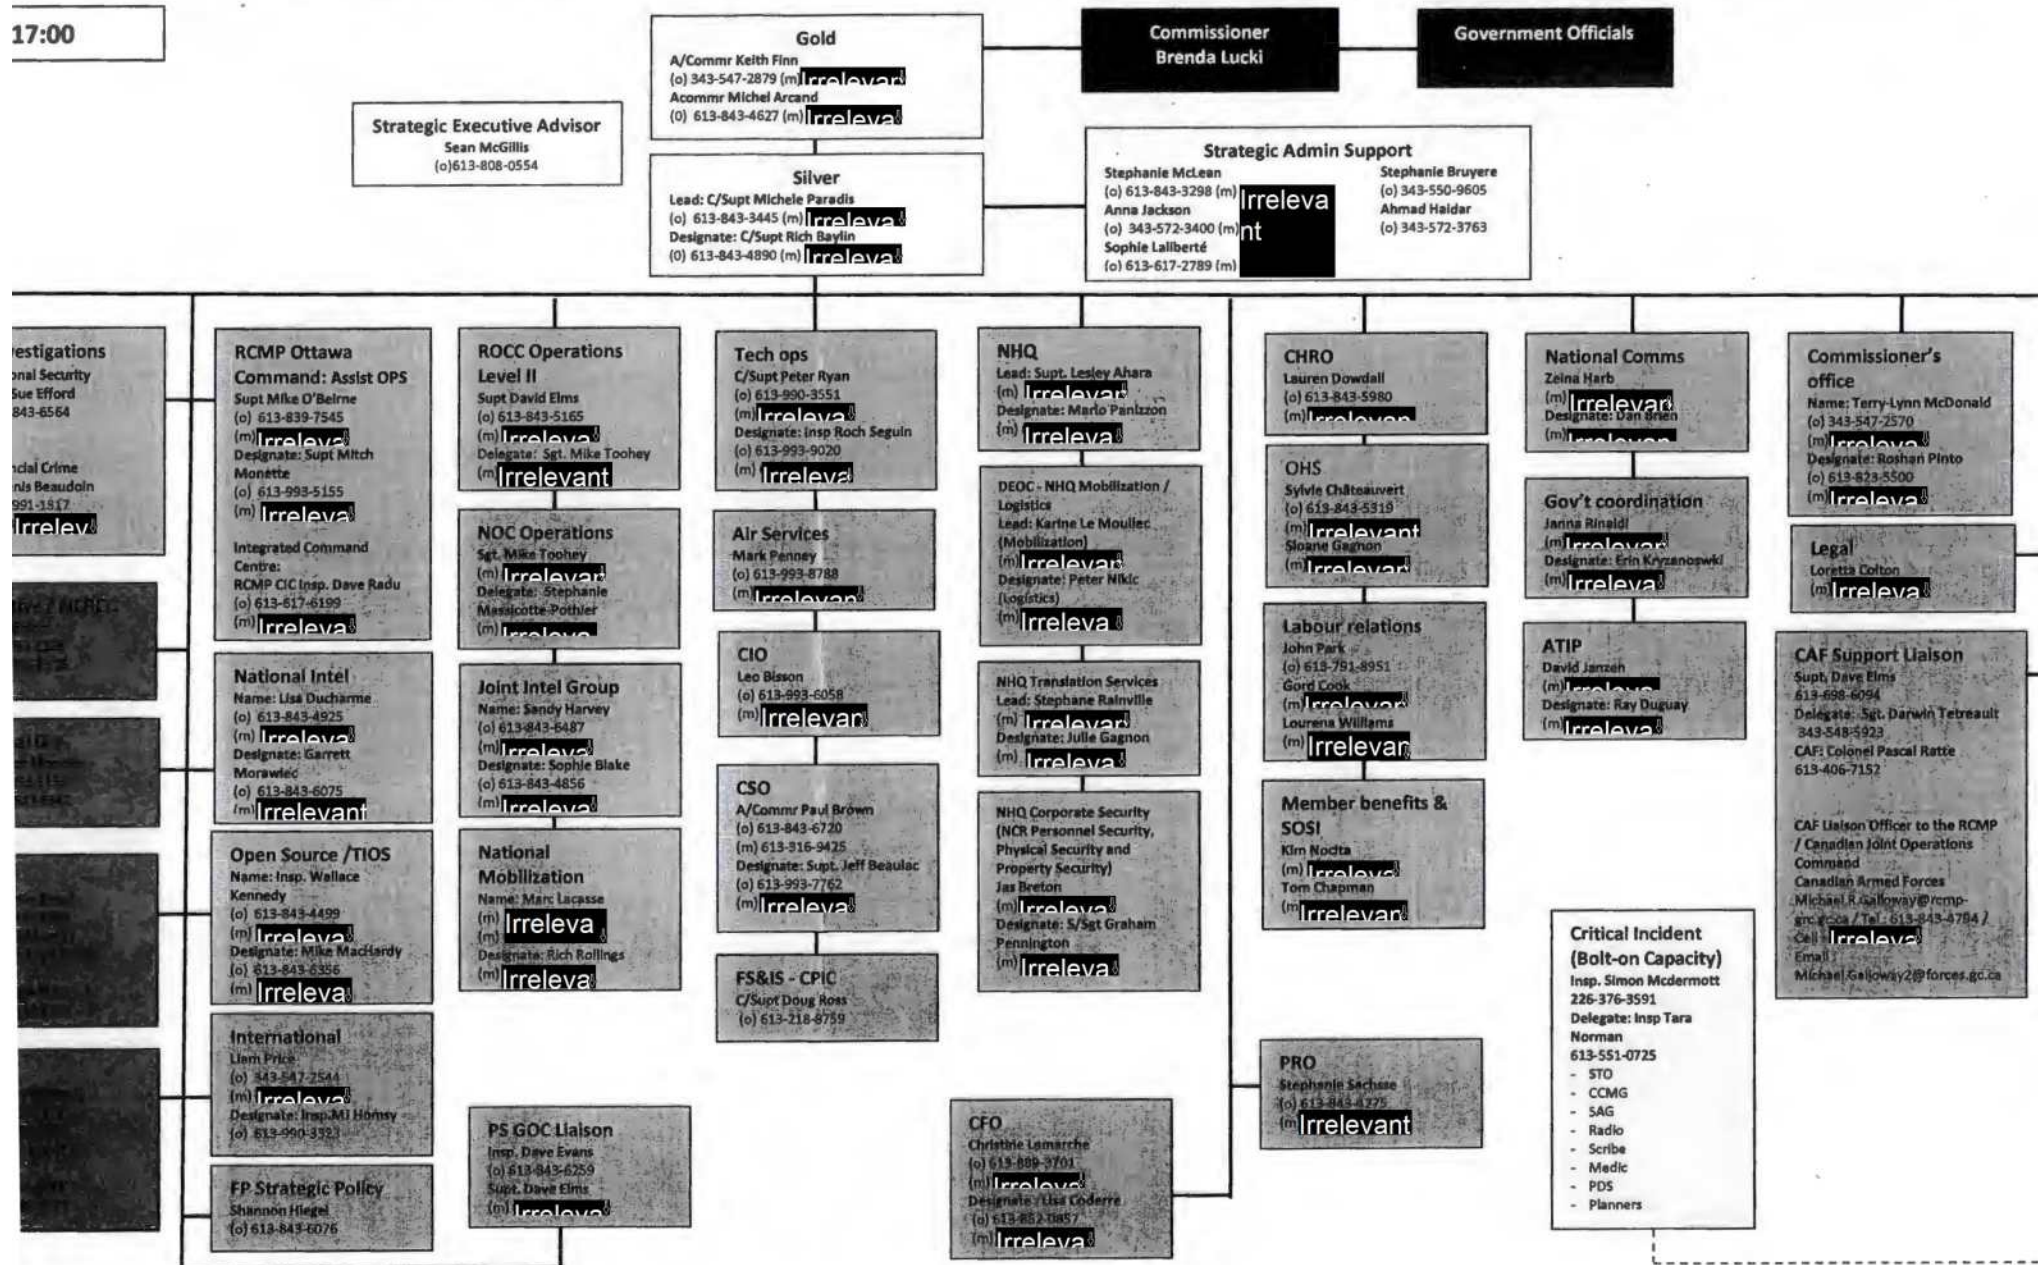

Expenditures pertaining to Gold/Silver/Bronze related activities are to be tracked using the following financial coding:

IO #: 749788 – Freedom Convoy – RCMP Mandate
Cost Center: G/S/B members are to use their respective Cost Centre
File number: File#: 2022-74888
